WHY USE HINEX LUBRICANTS ?

Hinex Lubricants are engineered to provide high performance under various operating conditions. Whether it's extreme temperatures, heavy loads, or high speeds, they aim to maintain optimal lubrication to enhance machinery efficiency and longevity.

The quality of lubricants can significantly impact the life span and performance of equipment. **Hinex** products often emphasize high-quality base oils and additives that meet or exceed industry standards, ensuring reliability and consistency.

Continuous research and development in lubrication technology allow **Hinex** to innovate and introduce products that meet evolving industry needs. This innovation may include formulations that are environmentally friendly or improve energy efficiency.

Many **Hinex** Lubricants are formulated with reduced environmental impact in mind, such as biodegradability or lower emissions. This aligns with global trends towards sustainability and regulatory requirements.

Ultimately, the decision to use **Hinex** Lubricants hinges on their ability to deliver on these factors, ensuring that machinery and vehicles operate smoothly, efficiently, and with minimal downtime or environmental impact.

ENGINE OIL

Hinex Primo 20W40

(API CF-4)

Features and Benefits

- Provides excellent protection against high temperature, engine deposits, ring groove carbon, piston and bearing lacquer, top deck and crankcase sludge.
- High oxidation stability protects against formation of gums, Varnish and resist oil thickening and filter plugging for longer drain period.
- Overall outstanding performance accounts to fuel saving and prolonged engine life.

Packing Size

500ml.	1 Ltr.	1.2 Ltr.	1.5 Ltr.	3 Ltr.
3.5 Ltr.	5 Ltr.	6 Ltr.	6.5 Ltr.	7.5 Ltr.
10 Ltr.	20 Ltr.	26 Ltr.	50 Ltr.	210 Ltr.

Hinex Turbo 15W40

(API CF-4/CH-4/CI-4/CI-4 Plus)

Features and Benefits

- Innovative additive chemistry controls soot thickening & soot induced wear ensuring better protection of fine tolerance components, resulting in engine durability.
- High shear stable viscosity index improver provides excellent viscosity preventing excessive thickening of oil to maintain its 15W40 viscosity throughout the service interval offering 'stay in grade' performance which provides improved engine protection.

Packing Size

500ml.	1 Ltr.	1.2 Ltr.	1.5 Ltr.	3 Ltr.
3.5 Ltr.	5 Ltr.	6 Ltr.	6.5 Ltr.	7.5 Ltr.
10 Ltr.	20 Ltr.	26 Ltr.	50 Ltr.	210 Ltr.

Hinex 4T 20W40

(API-SJ / JASO MA-2)

Features and Benefits

- PBM Technology ensures Performance, Power & Protection for Bike.
- Specially selected base oil and additives provide excellent protection for engine, gears and wet clutch.
- Optimizes frictional properties, eliminates wet clutch slippage to provide increased power.
- Aids faster heat dissipation to give longer engine life, Ensures excellent wear protection.
- Lower clutch slippage & Provides better fuel economy.

Packing Size

900ml. 1 Ltr. 20 Ltr. 50 Ltr. 210 Ltr.

Hinex Synthetic 4T 20W40 / 10W30

(API-SM)

Features and Benefits

- PBM Technology ensures Performance, Power & Protection for Bike.
- Specially selected base oil and additives provide excellent protection for engine, gears and wet clutch.
- Optimizes frictional properties, eliminates wet clutch slippage to provide increased power.
- Aids faster heat dissipation to give longer engine life, Ensures excellent wear protection.
- Lower clutch slippage & Provides better fuel economy.

Packing Size

800ml. 900ml. 1 Ltr. 20 Ltr. 50 Ltr. 210 Ltr.

Hinex 4T 20W40/10W30

(API-SL)

Features and Benefits

- PBM Technology ensures Performance, Power & Protection for Bike.
- Specially selected base oil and additives provide excellent protection for engine, gears and wet clutch.
- Optimizes frictional properties, eliminates wet clutch slippage to provide increased power.
- Aids faster heat dissipation to give longer engine life, Ensures excellent wear protection.
- Lower clutch slippage & Provides better fuel economy.

Packing Size

800ml. 900ml. 1 Ltr. 20 Ltr. 50 Ltr. 210 Ltr.

Hinex Synthetic 4T 10W40

(API-SN | JASO MA2)

Features and Benefits

- PBM Technology ensures Performance, Power & Protection for Bike.
- Specially selected base oil and additives provide excellent protection for engine, gears and wet clutch.
- Optimizes frictional properties, eliminates wet clutch slippage to provide increased power.
- Aids faster heat dissipation to give longer engine life, Ensures excellent wear protection.
- Lower clutch slippage & Provides better fuel economy.

Packing Size

600ml. 900ml. 1 Ltr. 20 Ltr. 50 Ltr. 210 Ltr.

Hinex Crisil Synth 5W30/5W40/10W40

(API SN/CF)

Features and Benefits

- HINEX Crisil Synth 5w30 is a Synthetic, superior Passenger car Motor Oil, Powered with Petrol engine or diesel engine.
- It has Been Specially Blended from Synthetic base oils & performance Proven additives to exceed the specified performance level.
- Recommended for all new generation petrol and diesel cars Like Honda, Hyundai, TATA, Suzuki, Toyota, etc.

Packing Size

1 Ltr.	3.5 Ltr.	4.5 Ltr.	5 Ltr.	50 Ltr.
210 Ltr.	-	-	-	-

Hinex ATF-TQ

(Suffix A)

Features and Benefits

- Reduced oil thickening which maintain transmission efficiency.
- High thermal and oxidation stability.
- Provides smooth, chatter free clutch engagement keeping smooth automatic transmission operations.

Packing Size

500ml.	1 Ltr.	5 Ltr.	10 Ltr.	20 Ltr.
50 Ltr.	210 Ltr.	-	-	-

Hinex CNG 20W50

(API CF/SF)

Features and Benefits

- Excellent oxidation stability.
- Protects against nitrate formation.
- Low ash contents reduce formation of sludge in the engine.
- Suitable for all seasons.
- Quicker engine start & longer battery life.
- Increased fuel efficiency.

Packing Size

500ml.	1 Ltr.	3 Ltr.	3.5 Ltr.	5 Ltr.
50 Ltr.	210 Ltr.	-	-	-

Hinex Wet Brake Oil

(UTTO) GL-4

Features and Benefits

- Widely used for Agricultural Tractors fitted with oil immersed Brakes.
- Adequate operating viscosity at all temperatures ensures lubrication efficiency.
- Ensures noise free operation of immersed brakes with its friction modifier technology.
- Compatible with seal materials used in transmission systems.

Packing Size

5 Ltr.	10 Ltr.	20 Ltr.	26 Ltr.	50 Ltr.
210 Ltr.	-	-	-	-

Hinex Gear EP 90/140

(API GL-4)

Features and Benefits

- Excellent thermal and oxidation stability.
- Excellent resistance to degradation at high temperatures.
- Superb protection micro pitting fatigue wear as well as high resistance to traditional scuffing wear.
- Prevent scuffing and scoring of gears.

Packing Size

500ml.	1 Ltr.	5 Ltr.	10 Ltr.	20 Ltr.
26 Ltr.	50 Ltr.	210 Ltr.	-	-

Hinex Gear EP 80W90 /85W140

(API GL-5)

Features and Benefits

- Excellent thermal and oxidation stability.
- Excellent resistance to degradation at high temperatures.
- Superb protection micro pitting fatigue wear as well as high resistance to traditional scuffing wear.
- Prevent scuffing and scoring of gears.

Packing Size

1 Ltr.	2.5 Ltr.	5 Ltr.	10 Ltr.	20 Ltr.
50 Ltr.	210 Ltr.	-	-	-

Hinex Synthetic Gear EP 75W90

(API GL-5)

Features and Benefits

- Excellent thermal and oxidation stability.
- Excellent resistance to degradation at high temperatures.
- Superb protection micro pitting fatigue wear as well as high resistance to traditional scuffing wear.
- Prevent scuffing and scoring of gears.

Packing Size

1 Ltr.	2.5 Ltr.	5 Ltr.	10 Ltr.	20 Ltr.
50 Ltr.	210 Ltr.	-	-	-

Hinex Gear EP 220/320

(API GL-4)

Features and Benefits

- High thermal stability and a modern EP additive system delivers gear set efficiencies and maintains clean gear and bearing surfaces minimizing deposits which interfere with effective lubrication.

Packing Size

5 Ltr.	10 Ltr.	20 Ltr.	50 Ltr.	210 Ltr.
-	-	-	-	-

Hinex Premium Hydraulic Oil

(AW 10/32/46/68)

Features and Benefits

- Outstanding thermal and hydraulic stability.
- Excellent demulsibility power and air release capability.
- Improved compatibility with seals and soft metals.
- Provides rust and corrosion protection.
- Exceptional resistance to oxidation and foaming provides extended oil, oil filter & equipment life.

Packing Size

5 Ltr.	10 Ltr.	20 Ltr.	26 Ltr.	50 Ltr.
210 Ltr.	-	-	-	-

Hinex Radiator Coolant

(RTU/1:3/1:4/1:9)

Features and Benefits

- Hinex Coolant is a long life coolant for complete protection against rust & corrosion and over heating recommended for use in all cars & heavy vehicles. Hinex is non glycol coolant.
- Hinex Coolant helps increase engine life & performance and fuel efficiency.
- Maintains optimal engine temperature and offers all season protection.
- Completely prevent rust & corrosion, blocked engine passages and overheating.

Packing Size

500ml.	1 Ltr.	3 Ltr.	5 Ltr.	10 Ltr.
20 Ltr.	50 Ltr.	210 Ltr.	-	-

Hinex AP-3 Grease

(NLGI-3)

Features and Benefits

- High drop point.
- Excellent thermal and structural stability.
- Optimum lubrication under even adverse mechanical conditions.
- Good surface adhesion.
- Gives excellent protection against rust, corrosion and water wash out.

Packing Size

100gm.	500gm.	1 Kg.	2 Kg.	3 Kg.
5 Kg.	10 Kg.	18 Kg.	170 Kg.	-
